SCI Unit 2
Rome

Memo: JZX-6113

11 February 1946

TO: AC of S, G-2, CI, AFHQ
SUBJECT: Lt. Guido ^{col}ZIMMER

MICROFILMED

MAY 4 1963

DOC. MICRO. SER.

1. This Unit has been informed by its colleagues in the American Zone, Germany, that it is desired (in compliance with the wishes of Mr. DULLES of Berne) to return Subject and his family to Rome.
2. With Subject are his wife, KATHIE, and two children, Klaus Luigi and Luisa. They would be accompanied by escorting officer Captain George SHIEVER. Subject, it is added, is certain that he will be able to subsist independently in Rome on aid from his contacts and is agreeable to interrogation. An AFHQ T.C.A. is requested.
3. In the past, Subject has enjoyed privileged treatment at the hands of non-CI agencies in this Theater because of his role in the SUNRISE Operation. This fact makes it difficult for this Unit, under present circumstances, to take a position with reference to the above request.
4. It is this Unit's opinion that Subject at the outset was deserving of no better or worse treatment than that afforded persons of much greater importance to the success of SUNRISE than he, namely General WOLFF and BOLLMANN. The time that has elapsed and the evident condoning treatment accorded Subject, raises some doubt whether at this stage Subject should still be handled in accordance to the directives laid down for the treatment of GIS officials in April 1945. It is in any case certain that once in Rome, this Unit will desire to interrogate Subject in detail.
5. Your views are requested on this matter, particularly with reference to a G-2 (CI) approval of a T.C.A. application on behalf of Subject and his suite.
